09/19/2025	ORDER: ON MEDIA PROTOCOL AND COVERAGE Plymouth County Superior Court, Main Courtroom, or other courtroom as may be utilized for any proceeding in this case, will remain an open courtroom, pursuant to the constitutional rights of the parties and the public to open trials in the Commonwealth. In an effort to ensure the integrity of any of the proceedings in this civil action, and to promote the safety and security of all parties, their representatives and all courthouse personnel and attending members of the public, the court issues the following Order pursuant to the authority of Supreme Judicial Court Rule 1:19: 1. Media representatives, reporters, journalists, and anyone else claiming status as a journalist under Rule 1:19 shall be required to sign in at the courthouse each day in a manner determined by the Clerk of court, and to show proof of registration with the Supreme Judicial Court Public Information Office. There shall be a designated seating area for media in the courtroom. Anyone leaving the courtroom during any proceeding may lose their seat and may not be permitted re-entry unless there is available seating. 2. Filming, streaming, photographing, recording, transmitting or broadcasting of any court proceedings shall occur only through pool arrangements in accordance with Rule 1:19. The court shall permit one stationary mechanically silent television broadcast or streaming camera and one still photography camera during each court proceeding. Pool cameras and camera operators shall be in place prior to the start of the session and equipment shall not be dismantled while the court is in session. The camera operator and other members of the media pool shall not interrupt court proceedings. 3. Filming, streaming, photographing, recording, transmitting or broadcasting of any kind shall not take place until the court is called into session (when the judge enters the courtroom and takes the bench) and shall immediately cease (be shut off or deactivated) during court recesses and upon adjournment each day. 4. Except as permitted in Nos. 1 and 2 above, no person is permitted to film, photograph, record, and stream, transmit or broadcast court proceedings at any time through photographic or electronic recording devices (including still or video cameras, cell phones, smart phones, tablets, laptops, audio recording or transmitting devices, or any other electronic device with audio/visual communication capabilities). Except as permitted in Nos. 1 and 2, no person is permitted to use any electronic device with communication capabilities to submit updates to social media during any of the court proceedings. 5. In accordance with Rule 1:19, no person is permitted to record, transmit or broadcast side bar conferences between the judge and counsel, conferences between counsel, and conferences between counsel and their client(s) at any time. The pool camera operator shall pause or disengage the audio component of the pool cameras during side bar conferences. All microphones shall be shut off during side bar conferences (note that side bar conferences will still be recorded as part of the court proceedings). The pool camera operator shall not manipulate the camera's zoom and focus to reveal, accidentally or otherwise, documents of attorneys, the clerk of the court, or the judge. 6. Media requests for inspection or copies of exhibits shall be made on a form or in a manner prescribed by the clerk of court. The clerk's office shall make reasonable efforts to accommodate such requests in a timely manner, subject to court operations. Original exhibits shall remain in the custody or under the control of the clerk at all times. 7. In accordance with Rule 1:19(2)(b), the court prohibits the filming or photographing of any juror or prospective juror at any time, including during court proceedings and any court-conducted view. No person shall contact, follow, interview, or communicate in any way with a juror prior to the discharge of the jury or otherwise harass or tamper with a juror. 8. The court otherwise defers issuing any further specific Orders relative to jury empanelment and trial procedures until such time as a final trial conference is held. 9. All persons subject to this Order, including all media representatives, reporters and journalists are prohibited from interviewing or attempting to interview any person in the courtroom or courthouse. No person shall interview with intent to relay, transmit, or distribute publicly the contents of that interview, any other person in the courtroom or courthouse. The court prohibits any person from taking photographs, filming, recording, or broadcasting events occurring outside the courtroom in other areas of the courthouse. 10. Court officers or court personnel are authorized by this Order to secure any area which they deem necessary or appropriate to ensure the proper operation of court proceedings and the well-being of any person(s) present. 11. 03/02/2026	Endorsement on Motion for temporary restraining order pursuant to Rule 65 to prevent release of evidence (#79.0): Other action taken Plaintiffs' Reply states this motion "pertains to the communications contained on [Ms.] Read's cell phone(s)...in custody of the NDAO". At this point, I take the motion as no more than one to preserve what may be evidence. Massachusetts recognizes a common-law duty to preserve evidence that might be relevant. Defendant Read does not appear to contest that the phone(s) may contain relevant information or information that may lead to the discovery of admissible evidence. Her counsel states that she will abide by the agreement they reached with plaintiffs' counsel concerning the phones in NDAO's possession. Her counsel states there is not a shred of evidence (reliable or credible) that Ms. Read will not so abide. Plaintiffs may not have shown discovery malfeasance by Ms. Read, but such is not a requirement to ensure the preservation of evidence. Further, the words attributed to Ms. Read about the phone(s) do allow for concerns about preservation of what is on the phone(s). Plaintiffs' Reply references Ms. Read's counsel considering a 9C Conference proposal about protocol for production of discoverable information from the phone(s). Pending an agreement on such protocol, or further order of the court following a hearing to be held on Friday, March 6, 2026 at 9:00 a.m., if Ms. Read takes possession of the phone(s), she is ordered to refrain from deleting, overwriting, discarding, or altering any and all communications and data contained on the phone(s). (Plaintiffs' counsel is directed to deliver to the Clerk of Courts thumb drive(s) containing the information in the links referenced in the exhibits to the motion for the reasons of i) preserving a clear record, and ii) some of the referenced links were not accessible.) 03/27/2026	Endorsement on Motion for order requiring plaintiffs' counsel to destroy inadvertently produced communication (#73.0): ALLOWED As noted in the Charm case, a client who seeks to preserve the attorney-client privilege has a responsibility to be careful, particularly when using a means of communication that poses known and obvious risks. Although this defendant did not meet that responsibility, the importance of the attorney client privilege in our legal system outweighs that failure. Defendant's motion seeking deletion of the email and any copies is allowed. Although plaintiffs' concern about potential use of the email for impeachment purposes may appear to the defendant as unfounded, if such concern becomes reality, the issue is preserved as the email remains under seal with the Court. 06/16/2026	Endorsement on Motion to reschedule hearing on Karen Read's motion to compel the Massachusetts State Police to produce documents pursuant to non-party subpoena (#128.0): Other action taken The status that is scheduled for June 26, 2026 was for the purpose of the parties reporting on discovery efforts, not for a hearing on discovery disputes. The issues between Ms. Read and the MSP arise from a subpoena served nearly a year ago, and the focus is on 473 emails for which notice was provided in February 2026 would be withheld. I am not willing to delay consideration of the issues for another 9 days, especially with the established discovery deadline. The motion is allowed to the extent that the scheduled hearing on the motion to compel against the MSP is taken off the list. I will decide the motion without a hearing. If Ms. Read and the MSP come to some resolution before I decide the motion, they shall notify Clerk Donovan by email to Plymouthsuperiorfilings@jud.state.ma.us. The hearings on the other motions to compel shall go forward as scheduled.		Image

07/10/2026	Endorsement on Motion for reconsideration of order delaying deposition of Michael Proctor (#156.0): DENIED I have been presented with a motion for reconsideration of my Order precluding further attempts to take discovery from a non-party pending further Orders of the Court, an opposition, and a reply. Ms. Read's attorneys are reminded of the provisions of Superior Court Rule 9A(a)(3) that a reply memorandum is to be "limited to matters raised in the opposition which were not and could not have been anticipated and addressed in the moving party's initial memorandum." The motion misstates what I said. What I said was "Orders of the court have been violated either directly, or at the very least, in spirit." I did not say what is stated in the motion: ¿that an attorney with an appearance in this case 'had violated the letter or spirit of the Rule'." I also did not state on the record that "I had stayed the second day of Proctor's deposition..." but rather stated that: "Because of the disclosure of sensitive private information, I temporarily stayed further discovery of the non-party." I acknowledge the information in the motion as to the time of a June 8, 2026 post on X. However, such information does not allay the concerns that gave rise to the Order, especially given the content of a June 25, 2026 post on X. The motion for reconsideration is denied.
